SIGNODE INDUSTRIAL GROUP

Dear Customer,

Signode is committed to sourcing our materials and services responsibly. As part of our commitment, Signode is dedicated to not knowingly purchase raw materials containing tin, tantalum, tungsten or gold (the "Conflict Minerals") - that directly or indirectly finance or benefit armed groups in the Democratic Republic of the Congo and adjoining countries and are of the type that require disclosure in SEC filings. Further, Signode complies with applicable laws and regulations related to Conflict Minerals. Signode believes that it conducts a reasonable country of origin inquiry, and due diligence as appropriate, with regard to raw materials potentially containing Conflict Minerals.

Sincerely,

Gary Alstott
